

AUTO CAT™

Mid-Sized Automated Side Loader

"Nothing beats the speed and agility of the AutoCat!"

A mid-compact, mid-sized automated side loader ideal for select applications.

The AutoCat® is a unique, mid-size automated side loader designed to be highly effective in tackling special assignments. Highly maneuverable and fuel-efficient, the AutoCat can sweep through cul de sacs with ease, or chase down missed stops without wasting time. It's even small enough to handle narrow alleyways. AutoCat is the perfect addition to any fleet with larger, less nimble automated units.

Standard Features:

- 10 to 14 cu. yd. capacities
- arm reach of 6 ft.
- 8-10 second arm cycle time
- 600-800 lbs./yd. compaction
